Alaska NAICS Codes for Business Activity in the State of Alaska

GENERAL INFORMATION: NAICS stands for the North American Industry Classification System and is established by the Federal U.S. Census Bureau. The Division of Corporation, Business and Professional Licensing uses a portion of the 2022 U.S. Census Bureau NAICS code listing to identify and classify Alaska businesses according to their line of business and type of business activity. For more information regarding the U.S. Census Bureau NAICS code listings go to <https://www.census.gov/naics/>.

NOTE: The NAICS code contains six digits. The first two digits of the NAICS code are the “line of business” and the following four digits are the activities within the line of business.

What is your Alaska NAICS code? You know your business activities best. You must select and provide, to this division, the appropriate primary and/or secondary Alaska NAICS code(s) from the Alaska NAICS Codes listed in this booklet which best describe the business activities you will be engaging in.

NOTE: This division only uses a portion of the 2022 Federal U.S. Census Bureau NAICS Codes. It is important that you ensure the NAICS code you select and provide to this division is current and valid in the State of Alaska.

Alaska NAICS Codes recognized by the State of Alaska are contained in this booklet. **IMPORTANT:** the

Alaska NAICS Codes listed in **Highlighted, italicized, bold print**, may require professional licensing. Per AS 43.70.020(d) IF the Alaska NAICS code you have chosen falls within a regulated profession, THEN an Alaska business license will not be issued UNTIL you are able to provide a current professional license number which has been issued by the State of Alaska. For more information regarding Professional Licensing go to www.ProfessionalLicense.Alaska.Gov.

In addition, the Alaska NAICS codes identifying the selling of tobacco or tobacco products are also listed in **Highlighted, italicized, bold print** in the Alaska NAICS Code list since the sale of tobacco or tobacco products requires a Tobacco Endorsement. For more information regarding Tobacco Endorsements go to www.businesslicense.alaska.gov and click on “Endorsement FAQs”.

CORPORATION SECTION – Alaska NAICS requirements:

IF you are an entity on record with the Corporation Section of this division THEN you must provide the one (primary) Alaska NAICS code which best describes your business activities in your articles or registration filing with the Corporation Section. For more information about registering your entity go to www.corporations.alaska.gov.

BUSINESS LICENSING SECTION – Alaska NAICS requirements:

Per AS 43.70.020(a)(2), you are required to provide, on your business license application, a maximum of two Alaska NAICS codes, your primary and (if applicable) secondary Alaska NAICS codes, which best describe the business activities you will be engaging in.

NOTE: Per AS 43.70.020(f) a (one) business license covers multiple (one or more) lines of business; however AS 43.70.020(a)(2) only requires you to provide the primary and (if applicable) secondary Alaska NAICS codes on your business license application. Only the primary and secondary lines of business (first two digits of the Alaska NAICS Code) will appear on the business license certificate.

IMPORTANT regarding business licensing applications: Per 12 AAC 12.030(2) IF any business activity requires a professional license (based on the Alaska NAICS Code) THEN these activities must be listed as the primary and/or secondary Alaska NAICS codes on the business license application. In addition, the current professional license number associated with each Alaska NAICS Code must be provided.

For additional information go to www.businesslicense.alaska.gov and click on “Line of Business / Alaska NAICS Code”.
